Conference Objective

The 2017 International Conference on Arctic Science: Conservation of Arctic Flora and Fauna (CAFF) Conference is the 20th annual gathering of scientists, policymakers, and other stakeholders that focus on the human and environmental challenges facing the Arctic. The objective of the conference is to translate science to knowledge and the subsequent timely and effective response to the increasingly clear need for transformation of this and other forms of knowledge into actions that better inform all types of decision-making.

The conference is organized by the University of the Arctic Sustainable Development Working Group (SDWG) and the Conservation of Arctic Flora and Fauna (CAFF) Programme, which is part of the Arctic Council. The conference is supported by the International Arctic Science Committee (IASC), the Arctic Council Working Group on the Impacts of Climate Change on the Arctic Economy, and other relevant Arctic Council bodies.

Keynote presentations by speakers showcasing key scientific findings from themes addressed in recent Arctic Council Working Group activities.

Day 1

SESSIONS DESCRIPTION AND BREAKOUTS (RIGHT)

1. Science Presentations
   - Contaminants of Emerging Arctic Concern (CEAC)
   - Snow, Water, Ice and Permafrost (SWIPA)
   - State of the Arctic Marine Archipelago and Arctic Ocean

2. Stakeholder Engagement
   -新手科学
   -知识
   -行动

3. Knowledge Presentations
   - Challenges and Future Needs

4. Implementing "Science to Action"
   -如何教育和提高对科学知识的广泛传播和利用
   -在不同级别做出决策时的障碍

Day 2

Day 3

Concluding with Panel Discussions.

Day 4

AGENDA AT A GLANCE

Hotel Reservations

Lodging and Activities

Reservations can be made online.

For travel information, please contact your local authorities for the latest information.

Day 1

Day 2

Day 3

Day 4

Attendees should arrive on April 24, 2017, and depart on April 27, 2017.

ADAPTATION ACTIONS FOR A CHANGING ARCTIC

Reserve Your Room

Bed and Breakfast

Lodging and Activities

Washington D.C., the capital is just 30 minutes away.

Located in the thriving heart of Reston Town Center, the hotel is surrounded by numerous restaurants, meeting and conference facilities, shopping, and other activities.

Hotel Reservations

Reservations can be made online.

For travel information, please contact your local authorities for the latest information.

The organizers of this Conference hope to inform all types of decision-making, at local, regional and global scales. The scientific community is encouraged to participate in the conference and to bring their research to bear on the challenges facing Arctic communities.
